

AYESHA MULLA

+91 7338226720 ✦ ayeshamulla369@gmail.com ✦ Sadashiv Nagar, Belgaum

PROFESSIONAL SUMMARY

Aspiring Computer Science graduate with expertise in React Native, MERN, Flask, Django and Java. Proven in full-stack and mobile app development, adept at problem-solving and quick to adapt to new technologies.

EDUCATION

KLE Dr. MS Sheshgiri College of Engineering & Technology

Bachelor in Engineering in Computer Science. CGPA: 8.56

December 2020 - June 2024

Belgaum, India

Mahesh PU College

Science (PCMCs), Percentage: 89%

June 2018 - July 2020

Belgaum, India

EXPERIENCE

Pried.in

Jan 2024 – May 2024

Role: React Native Developer Intern

Location: India

- Currently engaged in developing React Native applications for the company. I have acquired proficiency in Git for version control and CI/CD practices.
- Working on building around 30+ features in the app including WebView's, Facilities,

SyntHeim

October 2023 – March 2024

Role: Software Development Intern

Location: India

- Developed interactive social app during internship, demonstrating proficiency in React Native for app frontend and MongoDB for backend development, including the creation of REST APIs using MERN and Flask APIs.
- Enhanced the mass audio call functionality, boosting scalability and reliability by an impressive 70%.
- Worked on creating about 27+ features for the app, including audio chat rooms, creating clubs, AI bot and more.
- Made customer interaction faster by working on the AI bot feature for navigation, creation of posts, invites etc., with language translation and speech translation.

Varcons Technologies

August 2023 - September 2023

Role: Full Stack Intern

Location: India

- Demonstrated expertise in full-stack development, utilizing React.js for the frontend and Django for the backend, resulting in the creation of a fully functional restaurant [website](#) with reservation, location and mail subscription facilities.

Persistent Systems

June 2023 - August 2023

Persistent Martian- Summer Internship Program 2023

Location: India

- During the internship, I immersed myself in a comprehensive learning experience, delving into the basics of Linux, Core Java, data structures and algorithms, and Database Management with SQL.

PROJECTS

VR Tour to the museum with 3D hand tracking

Unity3D, Google VR SDK, C#, OpenCV, python, UDP network

- Developed a Virtual Museum Tour app offering a museum experience with artifact narration. Integrated real-time 3D hand tracking using Python and OpenCV to enhance user interaction within the virtual environment.

2D Orthographic View to 3D Model

Python, OpenCV, Flask, React Native, Open SCAD, STL Viewer

- Created a that uses WebView to display an AR type of view of the model generated by the user inputted 2D ortho views.

Real time Chat App

React.js, Socket.io, Express.js, Node.js, MongoDB

- A chat room allowing users to engage in real-time, a collaborative and interactive manner.

SKILLS & INTERESTS

Soft Skills: Quick Learner, Critical Thinker, Problem Solving, Open to criticism, Adaptability, Time management

Programming Languages and Technical Skills: Java, C, SQL, Data structures and algorithm, React, MERN Stack, React Native, MongoDB, HTML, CSS, C#, Unity Engine, Android Studio, REST API, Flask.

Languages: English, Hindi.

Hobbies: Sketching, Reading.
